

PARLIAMENT SHOULD HOLD USA ACCOUNTABLE

Andrew Bridgen, MP & Richard M Fleming, PhD, MD, JD

Gain-of-Function

Research investigation has shown that the United States is heavily invested, using money from NIAID and the DoD, in the development of viral Bioweapons in violation of The International (BWC) Treaty. Evidence indicates SARS-CoV-2 has resulted from that research Treaty violation.

Casualties From SARS-CoV-2

The world death count from the Viral Bioweapon is over 6.7 Million, including more than 203,000 deaths in the U.K.*.

COVID Gene Vaccine Casualties

Based upon the information as of 3 months ago (October 2022) there have been more than 2,400 deaths in the UK following the use of the genetic vaccine products, which are copies of the US Biological Viral Weapon. The Yellow Card report also shows more than 1.6 Million Vaccine Adverse Events following the injection of these Genetic Vaccines*.

**We encourage the US Congress to Investigate
US Funding of COVID!**

**British citizens paying a price for the US Biological
Viral Weapon and Genetic Vaccine Program funded
by the US NIAID & DoD. Either the US will hold its
Criminals Accountable or WE should!**

We call upon the Houses of Parliament to demand accountability on the part of the US Government for their violation of the Biological Weapons Convention Treaty resulting in the COVID pandemic and unprecedented use of experimental genetic vaccines that turn red blood cells gray and cause blood to clot upon contact as shown in the image above; thus causing heart damage including prion disease (amyloidosis) and myocarditis, strokes, cancer, miscarriages and DEATH!
