

45. What acts did you do that cause you to think you are guilty of the charge(s) to which you want to plead GUILTY? According to R-5, AMA, & UNR billing expert Gutierrez, this is the correct billing code. In fact according to the AMA this underbilled.

*¿Cuáles son los actos que cometió que, a su parecer, lo hacen culpable del (los) cargo(s) al (los) cual(es) quiere declararse CULPABLE?*

I billed for 78465 when I did not do a rest & stress tomographic study. I submitted this claim on May 30, 2002 knowing I did not do two tomographic studies. In March 8, 2004 I used Federal Express to deliver documents that falsely reported 60 people in the soy chip study.

I understand that if I have knowingly and intentionally made any false answers in this petition, my answers may be used against me in a prosecution for perjury or making a false statement. (See Fed. R. Crim. P. 11(c)(5)).

*Entiendo que si intencional y deliberadamente he dado respuestas falsas en esta petición, mis respuestas podrían usarse en contra mía en una demanda por perjurio o declaración falsa. (Ver Reglas Federales para Procesos Penales. 11(c)(5)).*

There is nothing here that says any data was faked. The charge was I made up (faked) data. Not how many people were in a given Fed Ex package. In fact as the weight of the fed ex package showed - something else Hansen refused to present at trial - there had to be more than 60-people enrolled.
